STATE OF NEW HAMPSHIRE
TOWN OF JAFFREY

To: The inhabitants of the Town of Jaffrey, in the County of
Cheshire, in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Ernest J. Pratt Auditorium in said Jaffrey on Tuesday, the 10th of March next, at nine o'clock in the forenoon (polls close at 7:00p.m.) to vote for the Town Officers and to act on other questions required by law to be decided by official ballot. Pursuant to RSA 39:2a and the vote of the Town at adjourned session of Town Meeting on March 13th, 1979, the business meeting will be recessed until ten o'clock in the forenoon, Saturday March 14th, 1992, at which time the Town will act on all subjects described in the following Warrant Articles except those requiring action by Official Ballot:

Art. 1. To choose the following Town Officers: (By Official Ballot)

Moderator - Two Year Term - Marc P. Tieger
Chief Engineer/Fire Dept. - One Year Term - John "Jack" A. White
Selectmen - Three Year Term - Jeanne L. LaBrie
Trustee of the Trust Funds - Three Year Term - Robert K. Massey
Library Trustees - Three Year Terms - John J. Stone
- Elizabeth B. Shea

Supervisor of the Checklist - Six Year Term - Betty Jane
Balentine

Recessed until March 14th, 1992 at 10:00a.m.

The hour of 10:00a.m. having arrived, the Town Moderator, Marc P. Tieger, reconvened the Annual Town Meeting of the Town of Jaffrey.

The Pledge of Allegiance was lead by Girl Scouts Stacy Cournoyer and Stacy Kullgren. An invocation was then given by Rev. Quentin Peacock.

The following resolution was then read by Board of Adjustment member, Peter Sawyer:

WHEREAS: Mr. Roland Boucher has served with honor and dedication as a member of the Board of Adjustment from 1983 to 1991;

BE IT RESOLVED: That the Town of Jaffrey wishes to express its sincere gratitude and that this expression of our thanks be made a part of the official records of this meeting;

BE IT FURTHER RESOLVED: That a copy of this resolution be sent to Mr. Roland Boucher.

The following resolution was then read by William Elliott, Chairman of the Board of Selectmen:

WHEREAS: Mr. Donald K. Sawtelle has served with honor and dedication as Fire Chief of the Fire Department for the Town of Jaffrey from 1984 - 1991;

BE IT RESOLVED: That the Town of Jaffrey wishes to express its sincere gratitude and that this expression of our thanks be made a part of the official records of this meeting;

BE IT FURTHER RESOLVED: That a copy of this resolution be sent to Mr. Donald K. Sawtelle.

The following resolution was then read by Selectwoman Jeanne LaBrie:

WHEREAS: Mr. Donald K. Sawtelle has served with honor and dedication as a member of the Fire Department for the Town of Jaffrey from 1952 to 1991;

BE IT RESOLVED: That the Town of Jaffrey wishes to express its sincere gratitude and that this expression of our thanks be made a part of the official records of this meeting;

BE IT FURTHER RESOLVED: That a copy of this resolution be sent to Mr. Donald K. Sawtelle.

All of the resolutions were accepted by acclamation.

The Moderator Marc P. Tieger then read the certification of the posted warrant. He then moved to pass on reading the warrant as a whole. It was passed by voice vote.

Art. 2. To see if the Town will vote to raise and appropriate the sum not too exceed One Million Three Hundred Fifty Thousand Dollars (\$1,350,000) for the purpose of closing and capping the Jaffrey Sanitary Landfill located on the south side of Old Sharon Road (Map #254, Lot #001), pursuant to and in compliance with orders issued by the State of New Hampshire's Department of Environmental Services dated February 2, 1990. Said sum is to be raised through the issuance of bonds or notes in accordance with the Municipal Finance Act, RSA 33:1 et seq., as amended; and to authorize the Board of Selectmen to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to this project; to authorize the Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the Selectmen to take any other action or to pass any other vote relative thereto. (By Selectmen & Recommended by the Budget Committee, 2/3 Ballot Required)

The article was addressed by Selectwoman Jeanne LaBrie.

Yes - 556 No - 154
The article passed.

Art. 27. Are you in favor of amending Section 5.1, Parking Standards, of the Jaffrey Land Use Plan and any other relevant sections thereof as proposed by the Planning Board to change the parking requirements for the General Business District from 1 space per 300 square feet to 1 space per 400 square feet gross floor area; each space shall be at least 8 feet by 18 feet in dimension, and adding the following language:

5.11 During the Site Plan Review process, the Planning Board may waive up to 25% of the parking requirements if deemed necessary. (By Official Ballot)

Yes - 442 No - 243
The article was passed.

Art. 28. Are you in favor of amending Section IV of the Jaffrey Land Use Plan and any other relevant sections thereof as proposed by the Planning Board by adding new paragraph as follows:

Section 4.15 Accessory apartments are permitted in all residential districts by Special Exception of the Board of

Adjustment, providing the following conditions are met:

4.151 Only one accessory apartment is permitted per single family dwelling unit.

4.152 The primary residence is occupied by the owner, except for bona fide temporary absences.

4.153 The accessory apartment shall have a minimum floor area of 400 square feet, but in no case shall the floor area comprise more than 30% of the floor area of the primary residence.

4.154 Adequate provision shall be made for the disposal of sewage, waste and drainage.

4.155 Adequate provision shall be made for off-street parking.

4.156 All setback requirements for the respective zoning district shall be observed.

4.157 The minimum lot size for creating an accessory apartment shall be calculated by multiplying the required lot area as designated in Section 5.1 by two, then multiplying that figure by .667. (By Official Ballot)

Yes - 473 No - 219
The article passed.

Art. 29. Are you in favor of amending Section X, Definitions, of the Jaffrey Land Use Plan and any other relevant sections thereof as proposed by the Planning Board by adding the following terms:

27. Home Occupations. A use conducted by the residents of a dwelling for gainful employment involving the manufacture, provision, or sale of goods and/or services. Such use is clearly incidental and secondary to the nature of the dwelling and does not change the residential character of the district. On-site retail sales are not considered a home occupation.

28. Child Care Agency. Any establishment located either in the home of the provider(s) or separate therefrom, maintained for the care of children, whether known as day nursery, nursery school, kindergarten, cooperative, or day care center, and which is licensed or approved by the State of New Hampshire.

29. Accessory Apartment. An independent living unit subordinate to a single family dwelling and under the same ownership as the primary residence. The apartment may be attached to the primary residence or located in an accessory building on the property. (By Official Ballot)

Yes - 535 No - 169
The article passed.

Art. 30. Are you in favor of amending Section XVIII, Floodplain Development Ordinance, of the Jaffrey Land Use Plan and any other relevant sections thereof as proposed by the Planning Board by adding:

The proposed Floodplain Development Ordinance applies to all lands designated as special flood hazard areas by the Federal Emergency Management Agency and is required for Flood Insurance when housing is located in those areas. (By Official Ballot)

Yes - 505 No - 155

The article passed.

Art. 31. Are you in favor of amending Section III of the Jaffrey Land Use Plan and any other relevant sections thereof as proposed by the Planning Board by adding The Mountain Zone which is an overlay district.

The proposed Mountain Zone District is intended to protect and preserve the scenic beauty of Mt. Monadnock. A Scenic Zone would permit residential and agricultural use but would limit business and commercial uses. (By Official Ballot)

Yes - 541 No - 175

The article passed.

Art. 32. To take up any other business that may properly come before this meeting.

Having no other business at hand, the meeting was adjourned at 1:40p.m., March 14, 1992.

BUDGET OF THE TOWN OF

JAFFREY

, N.H.

BUDGET FOR TOWNS WHICH HAVE ADOPTED THE PROVISIONS

OF THE MUNICIPAL BUDGET LAW

**STATE OF NEW HAMPSHIRE
TOWN OF JAFFREY**

ANNUAL TOWN MEETING WARRANT

To: The inhabitants of the Town of Jaffrey, in the County of Cheshire, in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Ernest J. Pratt Auditorium in said Jaffrey on Tuesday, the 9th of March next, at nine o'clock in the forenoon (polls close at 7:00p.m.) to vote for the Town Officers and to act on other questions required by law to be decided by official ballot. Pursuant to RSA 39:2a and the vote of the Town at adjourned session of Town Meeting on March 13th, 1979, the business meeting will be recessed until ten o'clock in the forenoon, Saturday March 13th, 1992, at which time the Town will act on all subjects described in the following Warrant Articles except those requiring action by Official Ballot:

Art. 1. To choose the following Town Officers: (By Official Ballot)

Selectmen - One Person for Three Year Term
Trustee of the Trust Funds - One Person for Three Year Term
Library Trustees - One Persons for Three Year Term
Town Clerk - One Person for Three Year Term
Chief Engineer - One Person for One Year Term
Treasurer - One Person for Three Year Term

Art. 2. To raise and appropriate the sum of Four Million Ten Thousand One Hundred Seventy Two Dollars (\$4,010,172) (exclusive of special warrant articles) for the purpose of defraying the cost of the Town's operating expenses for the year 1993 as presented and recommended by the Budget Committee.

Art. 3. That all reports submitted by Town Officers be accepted as read. (By Selectmen)

Art. 4. To authorize the Board of Selectmen at their discretion, to dispose of property acquired by Tax Sale or Tax Lien by either conveying said property back to its original owner(s) for consideration equal to all associated unpaid property taxes, interest and expenses or to sell said property at public auction after being advertised in a local weekly newspaper for three successive weeks. (By Selectmen)

Art. 5. To see if the Town will vote to change the Annual Town Meeting starting time from 10:00 am to 9:00 am. (By Petition)

Art. 6. To see if the Town will vote to raise and appropriate the sum of Sixty One Thousand Dollars (\$61,000) and to deposit said sum into the capital reserve fund established in 1989 for the purpose of purchasing a new fire truck for the Jaffrey Fire Department and to designate the Board of Selectmen as agents to expend. (By Selectmen & Recommended by the Budget Committee)

Art. 7. To see if the Town will vote to raise and appropriate the sum not too exceed Sixty Two Thousand (\$62,000), for the purpose of funding the purchase of a new fire truck. Said sum to be raised through the issuance of bonds or notes in accordance with the Municipal Finance Act (RSA 33:1 et seq.), as amended, and to authorize the Board of Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon with the provision that these bonds and notes shall be payable in 1994, and to authorize the Selectmen to take any other action or to pass any other vote relative thereto. These funds are to be used in conjunction with any and all funds available in the Capital Reserve Fund created for this purpose. (By Selectmen and Not Recommended by the Budget Committee, 2/3 Ballot Required)

Art. 8. To see if the Town will vote to authorize the Board of Selectmen to sell via a warranty deed a parcel of landlocked Town land consisting of .57 acres located adjacent to North Street (Map #238, Lot #219) to Donald & Elizabeth Blanchette of 218 North Street, Jaffrey, N.H. Said land to be sold for the sum of \$1,100 with the buyer and seller assuming responsibility for their own expenses relating to this transaction. (By Selectmen)

Art. 9. To raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000) and to place said sum into the capital reserve account established (1990) to fund a Town-wide property revaluation. (By Selectmen & Recommended by the Budget Committee)

Art. 10. To authorize the Board of Selectmen pursuant to RSA 31:95-b, to apply for, accept and expend any and all federal or state grants, gifts or funds that may become available during the ensuing year so long as such expenditures do not require further expenditures of other town funds except those lawfully appropriated for the same purpose. (By Selectmen)

Art. 11. To authorize the Trustees of the Jaffrey Public Library pursuant to RSA 202-A:4-c and 202-A:23, to apply for, accept and expend any and all federal or state grants, gifts or funds that may become available during the ensuing year so long as such expenditures do not require further expenditures of other town funds except those lawfully appropriated for the same purpose. (By Selectmen)

3. Adding a definition for "buffer area": A land area used to visibly separate one use from another or to shield or block noise, lights or other nuisances. The buffer may be landscaped or be open space, or some other type of protective facility.

Art. 31. Are you in favor of Amendment #7 as proposed by the Planning Board for the Jaffrey Land Use Plan as follows: To amend the Wetlands Conservation District Ordinance for purposes of clarification and consistency with recent state legislation. (By Official Ballot)

SECTION III. APPLICABILITY

The Wetlands Conservation District comprises all ponds, rivers, intermittent and perennial streams, ephemeral ponds, and wetlands; this district shall include the upland area within 75 feet of these features.

SECTION VI. SPECIAL EXCEPTIONS

Amend Paragraph B to state that "dredging, filling,

draining, or other altering of the surface configuration of land" may also require a permit from the Wetlands Board.

SECTION VII. PLACEMENT OF BUILDINGS

No primary building, impervious cover or driveway shall be located within the Wetlands Conservation District.

SECTION VIII. FOREST CONSERVATION & CLEARING

In order to preserve the natural beauty of the forest, protect the shorelines from erosion and pollution, protect stream temperature and aquatic life, and provide important and necessary wildlife habitat, any cutting of trees within the Wetlands Conservation District shall conform to the provisions of RSA 224:44-a and 483-B.

SECTION X. RESIDENTIAL LOT STANDARDS

Lots abutting public waters as defined in Section XIII, shall conform to the provisions of RSA 483-B. All other lots within the Wetlands Conservation District shall have a minimum shore frontage of 200 feet, as measured at the normal high water level, except that non-contiguous wet areas under one (1) acre in size are not included here for purposes of meeting frontage requirements.

SECTION XI. SUBSURFACE SEWAGE DISPOSAL SETBACKS

The placement of underground sewage disposal facilities within 250 feet of public waters as defined in Section XIII shall conform to the provisions of RSA 483-B. In all other cases, the minimum setback shall be no less than 100 horizontal feet. Where daily sewage flow 2,000 gallons, the minimum setback shall be 200 feet.

SECTION XIII. DEFINITIONS

Ephemeral Ponds - Topographic depressions that flood seasonally at times of high water table.

Perennial Stream - Any stream channel with flowing water year round.

Intermittent Stream - A drainage channel with running water only during times of high water table or high runoff volume due to snowbelt or rainstorms; typically seasonal, flow, as with spring snowmelt.

Public Waters - Those water bodies designated in the Official list of Public Waters in New Hampshire by the Department of Environmental Services; in the Town of Jaffrey, those bodies consist of: Gilson Pond, Black Reservoir, Hodge Pond, Gilmore Pond, Scott Pond, Cummings Pond, and Wildlife Pond.

Wetland - Those areas of submerged land enclosed by the normal high water mark, which includes any marsh, swamp, bog or meadow subject to permanent or periodic flooding; and soils designated by the USDA Soil Conservation Service as poorly drained or very poorly drained.

Art. 32. To take up any other business that may properly come before this meeting.

NEW HAMPSHIRE PRESIDENTIAL PRIMARY 1992

The New Hampshire Presidential Primary was held at the Ernest J. Pratt Auditorium, Stratton Road, Jaffrey, New Hampshire on the 18th of February, 1992. The polls were opened at 9:00a.m. and closed at 7:00p.m.

The hour of 9:00a.m. having arrived, the Moderator, Marc P. Tieger called the meeting to order. The ballot box was then opened, inspected and found to be empty. The ballot box was then secured by Mr. Tieger, after which he declared the polls to be open for the Presidential Primary.

At the hour of 7:00p.m. Mr. Tieger declared the polls to be closed and the ballot box was opened. The votes were then tallied and the results were as follows:

**STATE OF NEW HAMPSHIRE
TOWN OF JAFFREY
MINUTES OF SPECIAL TOWN MEETING
AUGUST 15, 1992**

The meeting was brought to order at 10:00a.m. by Moderator Marc P. Tieger.

Mr. Tieger asked everyone to please stand for the Pledge of Allegiance, which was led by two local Boy Scouts and the invocation which was said by Rev. Chandler Gilbert.

Mr. Tieger explained that the place of meeting was changed due to an asbestos abatement program being conducted at Pratt Auditorium. He then went on to read the following Warrant and Certificate of Posting:

To: The inhabitants of the Town of Jaffrey, in the County of Cheshire, in said State, qualified to vote in Town affairs:

SPECIAL TOWN MEETING WARRANT

You are hereby notified to meet at the Ernest J. Pratt Auditorium in said Jaffrey on Saturday, August 15th, 1992, at ten o'clock in the forenoon, at which time the Town will act on the subject described in the following Article:

Art. 1. To see whether the Town of Jaffrey should continue to support the State of N.H. Department of Transportation plan (commonly referred to as Phase 1), to change traffic patterns and signalize that portion of Routes 202 and 124 as they pass through the compact area of the Town of Jaffrey from the junction of Main Street and Peterborough Street. (By Petition)

CERTIFICATE OF POSTING

We, the undersigned Selectmen of Jaffrey certify that on the 20th day of July 1992, we posted an attested copy of the above Warrant at the place of the meeting specified, and like copies at the Town Offices, 69 Main Street, Jaffrey, N.H., all public places in said Town of Jaffrey.

/s/ William G. Elliott, Chairman
/s/ Jeanne L. LaBrie

Cheshire, SS

Then appeared William G. Elliott and Jeanne LaBrie all Selectmen of Jaffrey, and took oath that the above statement by them is true.

Before me,

/s/ Maria A. Chamberlain
Justice of the Peace

Petitioner Roy Stone was then recognized to present the article. He then moved the question and it was seconded by C.R. Lyle.

Mr. Stone was then recognized to speak as were Ann Winsor and John Bliss recognized to speak, followed by Peter Rivard and Robert Chamberlain.

Peter Rivard moved that the question be voted upon; Mr. Tieger then wanted to over-rule him stating that he believed that others want to speak on the subject. It was then put to a standing count Yes, to move the question or No, to continue discussion of the article.

Yes - 210 No - 22

The Moderator then said that since Robert Chamberlain was recognized to speak, he was allowed to speak and then the article was voted upon.

Before the meeting two petitions had been presented to the Moderator requesting that the final vote on the article be voted upon by secret ballot.

The polls were opened from 10:50 until 11:30, the results were as follows:

Yes - 29 No - 231
The article was defeated.

Roy Stone presented the following resolution:

Be it resolved that as it is the overwhelming sense of this meeting that the Town of Jaffrey does not approve of the State D.O.T. plan known as Phase I. That the Selectmen of the Town of Jaffrey are hereby instructed to discontinue all support for this plan and further are instructed to do everything in their power to influence the State D.O.T. to discontinue all future activity on this project, but to continue support for Phase II.

Be it further resolved that the Town Clerk within 72-hours send copies of the minutes and votes of this meeting to the following:

Gov. Judd Gregg	U.S. Senator Warren Rudman
U.S. Senator Bob Smith	U.S. Representative Dick Swett
State Senator Charles Bass	Councilman Bernard Streeter, Jr.
Attorney General John Arnold	Commissioner Charles P. O'Leary,
	New Hampshire DOT

The resolution was seconded.

With no other business, it was moved and seconded to adjourn the meeting; the time being 11:50a.m.

Respectfully submitted,

Maria A. Chamberlain, Town Clerk

REPORT OF THE SELECTMEN

We have faced another year of hard decisions. With all the work that has been done on our water project, we still have not arrived at a viable solution. It is our sincere hope that this can be remedied in the coming year.

The landfill was closed and capped and approved by the state during 1992. The new recycling center is working well and is a great asset to the town.

The Memorial Park and Humiston Field Renovation Projects have been completed. Our tremendous thanks to the generosity of the many individuals and organizations that worked so hard and donated so much to these projects.

The renovation of the Meeting House is well underway and again we thank those who worked so hard to raise money and those who donated so generously.

The Route 202 Project in the downtown area has started with the telephone company and public service putting their lines underground. The storm drains and some of the water lines have been replaced. This project should be complete during the spring or early summer of 1993.

We received some resignations this past year, notably, Chief David Barrett, who took a position with the State Safety Commission, Weltha Smith, Welfare Department, who needed to donate more time to the family business and Judy Blatchford, Property Records Clerk. We wish them all the best.

At this time we would like to recognize and thank three organizations that have had a positive effect on Jaffrey: The V.F.W. and their E.M.T.s for their dedicated ambulance service, The American Legion and the Chamber of Commerce for their many donations to town projects.

Last, but certainly not least, our thanks to our Town Manager, Mr. Hunter Rieseberg as well as to all departments and employees for the past year and a job well done.

Thanks to the people of Jaffrey for allowing me to represent you as Selectman.

Respectfully submitted,

William G. Elliott
Chairman

REPORT OF THE TOWN MANAGER

1992 has now come and gone and with it the completion of many long awaited projects. In retrospect while this past year has been made difficult by our weak economy, we have much to be thankful for. We have accomplished more in the past year or so than in many of the previous years combined with little or no change in the municipal budget or tax rate.

In addition to what is becoming a routinely high work load for existing staff, a number of major projects were undertaken. Among the more notable of these projects are: the closure of the Sanitary Landfill, the installation of an ultra-violet disinfection system at the Wastewater Treatment Plant, replacement of new water lines in the Main Street business district, continued renovations to the Jaffrey Meeting House, lighting of Humiston Memorial field and the initiation of plans to replace vital sewer pump stations.

Research and planning efforts also continued in hopes of identifying a means of meeting the Town's future water and sewer needs. This process has been made more difficult by unfunded Federal/State mandates for upgrading of both systems. While solutions to our water and sewer needs are known, implementing these improvements remain far more costly than our small service area is capable of funding. This issue is without doubt, the single greatest impediment to growth in our local economy. Without concessions or grant funding from the Federal/State regulatory agencies, significant progress in these areas will be stalled and therefore frustrate much needed growth in our local tax base and economy.

Next year promises to be equally busy. The Town will continue the replacement of water lines in the Main and North Street areas, replace the overburdened sewer pump stations on Cross Street and possibly upgrade the station serving West Jaffrey. You will also see the removal of utility lines from the downtown business district and the construction of a new passive park on the corner of Main and Route 202 north. Throughout the community you will also begin to see the systematic renovation of various Town buildings to comply with the American with Disabilities Act.

In closing, after nearly five years of service, I will be bidding the Town of Jaffrey fair well. I have enjoyed serving the people of Jaffrey and have come to know Jaffrey as my home. Under the direction of the Selectmen and with the assistance of the Town's capable staff, we have accomplished a great deal together.

Jaffrey is most fortunate to have the support and dedication of so many and it has been my honor and pleasure to work along with them. It is these very people that have made it possible for us to succeed and it is these very same people that I will miss.

Respectfully submitted,

Hunter F. Rieseberg
Town Manager

TOWN OF JAFFREY, NEW HAMPSHIRE

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 1992

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Jaffrey, New Hampshire was incorporated in 1736 and operates under a Selectmen/Town Manager form of government.

The financial statements of the Town have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to the governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

A. Governmental Reporting Entity

For financial reporting purposes, in conformity with the National Council on Governmental Accounting Statement Number 3, *Defining the Governmental Reporting Entity*, the Town of Jaffrey includes all funds, account groups, agencies, boards, commissions, authorities, and other potential component units that are controlled by or dependent on the Town's executive or legislative branches. Control by or dependence on the Town is determined on the basis of budget adoption, taxing authority, outstanding debt secured by revenues or general obligations of the Town, obligation of the Town to finance any deficits that may occur, or receipt of significant subsidies from the Town.

In evaluating how to define the government, for financial reporting purposes, management has considered all potential component units. The basic--but not the only--criterion for including a potential component unit in the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to influence operations significantly, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens, or whether the activity is conducted within the geographic boundaries of the government and is generally available to its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities.

The following organization is not part of the Town and is excluded from the accompanying financial report:

Jaffrey-Rindge Cooperative School District

The Jaffrey-Rindge Cooperative School District is excluded from the Town's reporting entity, because the Town does not exercise any oversight or control over

District activities. Further, the Town has no responsibility for the budget, debt, financing deficits or fiscal management of the School District. Additionally, the Town does not influence the operation of the District in any respect other than to pay over District Assessments as requested by the School District.

B. Basis of Presentation - Fund Accounting

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures/expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the Town:

Governmental Fund Types

Governmental Funds are those through which most governmental functions of the Town are financed. The acquisition, use and balances of the Town's expendable financial resources, and the related liabilities (except those accounted for in proprietary funds) are accounted for through governmental funds. The following are the Town's Governmental Fund Types:

General Fund - The General Fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action. The following funds are included in this fund type:

- Public Library
- Conservation Commission
- Police Grants
- Sewer Department

Capital Projects Funds - Transactions related to resources obtained and used for the acquisition, construction, or improvement of capital facilities are accounted for in Capital Projects Funds. Such resources are derived principally from

TOWN OF JAFFREY, NEW HAMPSHIRE

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 1992

proceeds of long-term notes or bonds and from Federal and State grants. The following funds are included in this fund type:

- Sewer Capital Project
- Humiston Memorial Park
- Humiston Field Project
- Meeting House Project

Proprietary Fund Types

Proprietary Funds - These funds account for operations that are organized to be self-supporting through user charges. The following is the Town's Proprietary Fund Type:

Enterprise Fund - The Water Fund is established to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Fiduciary Fund Types

Fiduciary Fund Types - These funds account for assets held by the Town as a trustee or agent for individuals, private organizations, and other units of governments.

The following funds are included in this fund type:

Nonexpendable Trust Funds

- Town Trusts
- Library Trusts

Expendable Trust Funds

- Town Trusts
- Capital Reserve
- Library Trusts

Agency Fund

- Developers' Performance Bonds

Account Groups

Account groups are not "funds." They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations. The Town uses the following account groups:

General Fixed Assets Account Group - General fixed assets have been acquired for general governmental purposes and have been recorded as expenditures in the fund making the expenditure. These expenditures are required to be capitalized at historical cost in a General Fixed Asset Group of Accounts for accountability purposes. In accordance with the practices followed by most other municipal

TOWN OF JAFFREY, NEW HAMPSHIRE

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 1992

entities in the State, the Town does not maintain a record of its general fixed assets and, accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

General Long-Term Debt Account Group - This account group is established to account for all long-term debt of the Town except that which is accounted for in the proprietary fund.

Total Columns (Memorandum Only) on Combined Statements

Amounts in the "Totals (Memorandum Only)" columns in the combined financial statement line items of the fund types and account groups are presented for analytical purposes only. The summation includes fund types and account groups that use different bases of accounting, includes interfund transactions that have not been eliminated and the caption "amounts to be provided", which is not an asset in the usual sense. Consequently, amounts shown in the "Totals (Memorandum Only)" columns are not comparable to a consolidation and do not represent the total resources available or total revenues and expenditures/expenses of the Town.

C. Measurement Focus/Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds and expendable trust funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financial sources) and decreases (i.e., expenditures and other financing uses) in net current assets. For Proprietary Fund Types, the measurement focus is on the determination of net income.

All Nonexpendable Trust Funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet.

The accounts of the Governmental, Expendable Trust, and Agency Funds are maintained and reported on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined, and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Application of the "susceptibility to accrual" criteria requires judgement, consideration of the materiality of the item in question, and due regard for the practicality of accrual, as well as consistency in application. Those revenues susceptible to accrual are taxes, intergovernmental revenues, charges for services and interest revenue. Licenses and permits and most other local source revenues are not susceptible to accrual, because generally they are not measurable until received in cash. Expenditures

TOWN OF JAFFREY, NEW HAMPSHIRE

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 1992

are recorded when the related fund liability is incurred. Accumulated unpaid vacation and sick pay, and principal and interest on general long-term debt are recorded as fund liabilities when due. All Nonexpendable Trust and Proprietary Funds are accounted for using the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

D. Budgetary Accounting

General Budget Policies

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town's operations. At its annual meeting, the Town adopts a budget for the current year for the General and all Special Revenue Funds. Project-length financial plans are adopted for all Capital Project Funds. Budgets are adopted on a basis consistent with generally accepted accounting principles.

Management may transfer appropriations between operating categories as they deem necessary. All annual appropriations lapse at year-end unless encumbered. Expenditures may not legally exceed budgeted appropriations in total.

State Statutes require balanced budgets, but provide for the use of beginning General Fund unreserved fund balance to achieve that end. In 1992, the beginning General Fund and Special Revenue Fund balances were applied as follows:

	<u>General Fund</u>	<u>Special Revenue Funds</u>
Unreserved Fund Balance		
Used to Reduce Tax Rate	\$36,209	\$
Beginning Fund Balance -		
Reserved for Encumbrances	<u>40,232</u>	<u>35,891</u>
Total Use of Beginning Fund Balance	<u>\$76,441</u>	<u>\$35,891</u>

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and continuing appropriations (certain projects and specific items not fully expended at year end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures and are therefore reported as part of the fund balance at December 31 and are carried forward to supplement appropriations of the subsequent year.

TOWN OF JAFFREY, NEW HAMPSHIRE

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 1992

Reconciliation of Town Budget to GAAP Basis of Accounting

The Statements of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual (GAAP Basis) present comparisons of the legally adopted budget as adjusted to present the budget on the GAAP basis with actual data on a GAAP basis. Since accounting principles applied for purposes of developing data on a budgetary basis differ from those used to present financial statements in conformity with generally accepted accounting principles ("GAAP"), reconciliations of the excesses (deficiencies) of revenue and other sources of financial resources over (under) expenditures and other uses of financial resources for the year ended December 31, 1992 were required as follows:

	<u>General Fund</u>	<u>Special Revenue Funds</u>
Total Appropriations budgetary basis (legally adopted budget)	\$9,589,072	\$ 872,343
Adjusted to restate budget to GAAP basis		
Carryover appropriations		
Reserve for encumbrances beginning of period	40,232	35,891
Reserve for encumbrances end of period	<u>(125,360)</u>	<u>(167,197)</u>
Total Appropriations - GAAP Basis	<u>\$9,503,944</u>	<u>\$ 741,037</u>

E. Assets, Liabilities and Fund Equity

Cash and Equivalents

The Town Treasurer is authorized by State statutes to invest excess funds "in obligations of the U.S. Government, in savings bank deposits of banks incorporated under laws of the State of New Hampshire or in certificates of deposits of banks incorporated under the Laws of the State of New Hampshire or in national banks located within the Commonwealth of Massachusetts."

For financial reporting purposes, cash and equivalents include amounts in demand deposits and money market funds, as well as certificates of deposit and short-term investments with original maturities of 90 days or less.

Investments

The Town is authorized by State statute to invest Trust Funds, except Capital Reserve Funds, in obligations of political subdivisions and stocks and bonds that

TOWN OF JAFFREY, NEW HAMPSHIRE

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 1992

are legal for investment by New Hampshire savings banks. Capital Reserve Funds must be kept separate and not intermingled with other Trust Funds. Capital Reserve Funds may be invested only in savings bank deposits of New Hampshire banks, or in United States or State of New Hampshire bonds or notes.

Investments are stated at cost or, in the case of donated investments, at the market value on the date of bequest or receipt.

Receivables

Revenues for the most part are recorded when received, except for the following items for which receivables have been recorded:

- a. Tax revenue is recorded when a warrant for collection is committed to the Tax Collector. However, management has established a reserve for uncollectible taxes totalling \$114,759 which represents historical abatement costs on property tax warrants.

The National Council on Governmental Accounting, Interpretation 3, referring to property tax revenue recognition, requires disclosure if property taxes receivable, which are to be collected beyond a period of 60 days subsequent to year's end, are recognized on the balance sheet and not reserved. In accordance with the practice followed by other municipal entities in the State of New Hampshire, the Town of Jaffrey annually recognizes all taxes receivable at the end of the fiscal year unless reserved as explained above.

The Town believes that the application of NCGA Interpretation 3, which would result in a decrease in the undesignated General Fund unreserved fund balance, would give a misleading impression of the Town's ability to meet its current and future obligations. On December 7, 1984, the Governmental Accounting Standards Board (GASB), in response to a related inquiry, gave justification for this deviation from the generally accepted 60-day rule on revenue recognition, concluding that the circumstances relating to the responsibility for and the payment of intergovernmental expenditures in New Hampshire were unusual and therefore justified a period of greater than 60 days. This practice is consistent with the previous year.

As prescribed by law, the Tax Collector places a lien on properties for all uncollected property taxes in the following year after taxes are due. The lien on these properties has priority over other liens and accrues interest at 18% per annum.

If property is not redeemed within the 2-year redemption period, the property is tax-deeded to the Town.

- b. Certain grants received from other governments require that eligible expenditures be made in order to earn the grant. Revenue for these grants is recorded for the period in which eligible expenditures are made.

TOWN OF JAFFREY, NEW HAMPSHIRE

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 1992

- c. Various service charges (ambulance, police, water, sewer) are recorded as revenue for the period when service was provided.

Interfund Receivables and Payables

During the course of normal operations, the Town has transactions between funds, including expenditures and transfers of resources to provide services and fund capital outlay. The accompanying governmental, proprietary, and fiduciary fund financial statements reflect such transactions as transfers. To the extent that certain transactions have not been paid or received as of December 31, balances of interfund amounts receivable or payable have been recorded.

Fixed Assets

All Proprietary Fund fixed assets are valued at historical cost, or estimated historical cost, if actual historical cost is not available. Depreciation of all exhaustible fixed assets used by proprietary funds is charged as an expense against their operations. Depreciation has been provided over the estimated useful lives using the straight-line method. Estimated useful lives are as follows:

Structures	25 - 30 years
Mains	25 - 30 years
Services, Meters, and Equipment	3 - 25 years

The costs of normal maintenance and repairs that do not add to the value of the asset or extend the asset's life are not capitalized.

Deferred Revenue

The government reports deferred revenue on its combined balance sheet. Deferred revenue arises when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenue also arises when resources are received by the government before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized.

Long-Term Liabilities

General Obligation Debt - General obligation bonds, notes, capital leases, and other forms of long-term debt supported by general revenues are obligations of the Town as a whole. Accordingly, such unmatured obligations of the Town are accounted for in the General Long-Term Debt Group of Accounts.

TOWN OF JAFFREY, NEW HAMPSHIRE

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 1992

Compensated Absences - It is the Town's policy to permit employees to accumulate a limited amount of earned but unused vested benefits, which will be paid to employees upon separation from the Town's service. In Governmental Fund Types and Fiduciary Fund Types, the cost of vested benefits paid or expected to be liquidated with expendable available financial resources are reported as an expenditure and fund liability of the fund. Amounts of vested or accumulated leave benefits that are not expected to be liquidated with expendable available financial resources are reported in the general long-term debt account group. No expenditure is reported for these amounts. In accordance with the provisions of Statement of Financial Accounting Standards No. 43, *Accounting for Compensated Absences*, no liability is recorded for nonvesting accumulating rights to receive benefits.

Fund Equity

The portion of fund balance which has been legally segregated for a specific future use, or which indicates that a portion is not appropriable for expenditures, is shown as reserved. The following reserves were used by the Town during the year:

Reserved for Endowments - represents the balance of Nonexpendable Trust Funds of which the principal must be held for investment and for which only the income may be expended for specific purposes.

Reserved for Encumbrances - is used to account for open purchase orders, contracts and other commitments at year end for which goods and services have not been received.

Reserved for Special Purposes - is used to account for unencumbered balance of restricted funds. These include incomplete contracts and the Town's Expendable Trust Funds.

Revenues, Expenditures and Expenses

Substantially all governmental fund revenues are accrued except for miscellaneous fees, permits, fines and charges for services which are reported on the cash basis in the General Fund. Property taxes are reflected on the modified accrual basis of accounting as explained above.

Deficit Fund Balances

Project Deficit

There is a deficit of \$2,139 in the Capital Projects (Humiston Field) Fund at December 31, 1992. Management intends to fund this deficit through private donations in 1993.

NOTE 3 - ASSETS

A. Cash and Equivalents

At year end, the Town's cash deposits categorized according to risk assumed were as follows:

- Category 1* Includes deposits that are insured (Federal Depository Insurance).
- Category 2* Includes deposits that are uninsured, but are collateralized by securities held by the pledging financial institution, its trust department or agent in the Town's name.
- Category 3* Includes deposits that are uninsured and uncollateralized.

The Town maintains a common bank account in which the cash balances of all funds are maintained. The common bank account is used for receipts and disbursements relating to all these funds.

B. Investments

Investments made by the Town are summarized below. The investments that are represented by specific identifiable investment securities are classified as to credit risk into three categories as follows:

- Category 1* Includes investments that are insured or registered, for which the securities are held by the Town or its agent in the Town's name.
- Category 2* Includes uninsured and unregistered investments, for which the securities are held by the broker, counter party's trust department or agent in the Town's name.
- Category 3* Includes uninsured and unregistered investments, for which the securities are held by the broker, counter party, counter party's trust department, or agent, but not in the Town's name.

The Library Trustees' investments are under the management of A. G. Edwards and the Town's Trustees of Trust Funds' investments are under the management of New London Trust, who are the Town's agents for these funds. These investments are designated as Category 3 because they are held by an agent of the bank but not in the Town's name.

<u>Total Investments</u>	<u>\$1,488,405</u>	<u>\$2,065,962</u>

C. Property Taxes

The property tax year is from April 1 to March 31 and all property taxes are assessed on the inventory taken in April of that year.

The Town subscribes to the semi-annual method of tax collection as provided for by RSA 76:15-a. Under this method, tax bills are sent on or around May 1 and November 1 of each year, with interest accruing at a rate of 12% on bills outstanding for more than 30 days.

The May 1 billing is considered an estimate only and is one half of the previous year's tax billing. The remaining balance of taxes due is billed in the fall after the State Department of Revenue Administration has calculated and approved the Town's tax rate for the fiscal year.

In connection with the setting of the tax rate, the New Hampshire Department of Revenue Administration establishes and raises through taxation an amount for abatements and refunds of property taxes, known as overlay. This amount is reported as a reduction in tax revenue and is adjusted by management for any tax reserves at year end. The property taxes collected by the Town include taxes levied for the Jaffrey-Rindge Cooperative School District and Cheshire County, which are remitted to these governmental units as required by law. The ultimate responsibility for the collection of taxes rests with the Town.

The tax rate for the year ended December 31, 1992, was as follows:

Municipal Portion	\$ 9.18
School Tax Assessment	20.32
County Tax Assessment	<u>2.29</u>
<u>Total</u>	<u>\$31.79</u>

As prescribed by law, within 18 months of the date assessed, the Tax Collector places a lien on properties for all uncollected property taxes in the following year after taxes are due. The lien on these properties has priority over other liens and accrues interest at 18% per annum. If property is not redeemed within the 2-year redemption period, the property is tax-deeded to the Town.

The Town has recorded \$2,645,228 as an intergovernmental payable of which \$2,073,560 represents the balance of the school district assessment due to be paid to the Jaffrey-Rindge Cooperative School District during the six-month period ending June 30, 1993, and \$571,668 of School District Trust Funds in the custody of the Town of Jaffrey Trustees of Trust Funds.

TOWN OF JAFFREY, NEW HAMPSHIRE

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 1992

B. Defined Benefit Pension Plan

Plan Description and Provisions

Some Town employees participate in the State of New Hampshire Retirement System (the System), a multiple-employer cost-sharing public employee retirement system (PERS). The payroll for Town employees covered by the System for the year ended December 31, 1992, was \$339,408; the Town's total payroll was \$1,333,059.

All Town full-time employees are eligible to participate in the System. The System is divided into two employee groups; Group I - all employees except firefighters and police officers, and Group II - firefighters and police officers.

Group I Employees who retire at or after age 60 are entitled to retirement benefits equal to 1.667% of the average of their three highest-paid years of compensation, multiplied by their years of service. Earlier retirement allowances at reduced rates are available after age 45 with 10 years of service. Benefits fully vest upon reaching 20 years of service or attaining age 60.

Group II Employees are subject to the same age and vesting requirements as Group I employees. They are, however, entitled to retirement benefits equal to 2.5% of the average of their three highest-paid years of service, multiplied by their years of service, not to exceed 40.

The System also provides death and disability benefits, and cost-of-living increases have been periodically granted to retirees by the State Legislature.

Description of Funding Policy

The System is financed by contributions from both the employees and the Town. By State statute, Group I employees are required to contribute 5% of gross earnings up to the Social Security taxable wage limit, with 9.2% of the excess wages. Group II employees are required to contribute 9.3% of gross earnings. The Town must contribute the remaining amounts necessary to pay benefits when due. The contribution requirement for the year ended December 31, 1992, was as follows:

Town's Portion	\$15,040
Employees' Portion	<u>31,565</u>
<u>Total</u>	<u>\$46,605</u>

The amount shown as "pension benefit obligation" in the System's financial statements is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases and step-rate benefits, estimated to be payable in the future as a result of employee service to date. The measure, which is the actuarial present value of credited projected benefits, is intended to help users assess the System's funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay

TOWN OF JAFFREY, NEW HAMPSHIRE

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 1992

benefits when due, and make comparisons among PERS and employers. The System does not make separate measurements of assets and pension benefit obligations for individual employers. The pension benefit obligation at June 30, 1991, for the System as a whole, determined through an actuarial valuation performed as of that date, was \$1,676.3 million. The System's net assets available for benefits on that date (valued at market) were \$1,467.2 million. The System holds none of the Town's securities.

Trend Information

Historical trend information showing the System's progress in accumulating sufficient assets to pay benefits when due is available for only four years and is presented in the System's June 30, 1991, annual financial report (the latest year available).

Deferred Compensation Plan - The Town offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all Town employees, permits the employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

The plan is administered by an independent company, and the Town remits all compensation deferred to this administrator for investment as requested by the participant employees. All compensation deferred and funded under the plan, all investments purchased and all income attributable thereto are solely the property and rights of the Town (until paid or made available to the employee or other beneficiary), subject only to the claims of the Town's general creditors. Participants' rights under the plan are equal to those of general creditors of the Town in an amount equal to the fair market value of the deferred account for each participant.

It is the opinion of Management that the Town has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor. The Town believes that it is unlikely that it will use the assets to satisfy the claims of general creditors in the future.

INDEPENDENT AUDITOR'S COMBINED REPORT ON INTERNAL CONTROL STRUCTURE

To the Members of
the Board of Selectmen
Town of Jaffrey
Jaffrey, New Hampshire

We have audited the general purpose financial statements of the Town of Jaffrey as of and for the year ended December 31, 1992, and have issued our report thereon dated January 25, 1993. We have also audited the Town's compliance with requirements applicable to major and nonmajor Federal financial assistance programs and have issued our report thereon dated January 25, 1993.

We conducted our audit in accordance with generally accepted auditing standards; *Government Auditing Standards*, issued by the Comptroller General of the United States; and Office of Management and Budget (OMB) Circular A-128, *Audit of State and Local Governments*. Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement and about whether the Town complied with laws and regulations, noncompliance with which would be material to a Federal financial assistance program.

In planning and performing our audit for the year ended December 31, 1992, we considered the Town's internal control structure in order to determine our auditing procedures for the purpose of expressing our opinions on the Town's general purpose financial statements and on its compliance with requirements applicable to Federal financial assistance programs and not to provide assurance on the internal control structure.

The management of the Town of Jaffrey is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with generally accepted accounting principles, and that Federal financial assistance programs are managed in compliance with applicable laws and regulations. Because of inherent limitations in any internal control structure, errors, irregularities, or instances of noncompliance may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

Town of Jaffrey
Independent Auditor's Combined Report on Internal Control Structure

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories:

Accounting Controls

- Budgeting Cycle
- Payroll Cycle
- Expenditure (other than payroll) Cycle
- Data Processing Cycle
- Revenue Cycle
- Financial Reporting Cycle

General Requirements

- Political Activity
- Davis-Bacon Act
- Civil Rights
- Cash Management
- Relocation Assistance and Real Property Management
- Federal Financial Reports
- Allowable Costs/Cost Principles
- Drug-free Workplace
- Administration Requirements

Specific Requirements

- Types of Services
- Eligibility
- Matching, Level of Effort, or Earmarking
- Reporting
- Cost Allocation
- Special Requirements
- Monitoring Subrecipients

Claims for Advances and Reimbursements

For all of the internal control structure categories listed above, we obtained an understanding of the design of relevant policies and procedures and determined whether they have been placed in operation, and we assessed control risk.

During the year ended December 31, 1992, the Town of Jaffrey expended 96% of its total Federal financial assistance under a major Federal financial assistance program.

We performed tests of controls, as required by OMB Circular A-128, to evaluate the effectiveness of the design and operation of internal control structure policies and procedures that we considered relevant to preventing or detecting material noncompliance with specific requirements, general requirements, and requirements governing claims for advances and reimbursements that are applicable to each of the Town's major Federal financial assistance programs, which are identified in the accompanying Schedule of Federal Financial Assistance. Our procedures were less in scope than would be necessary to render an opinion on these internal control structure policies and procedures. Accordingly, we do not express such an opinion.

Under the standards established by the American Institute of Certified Public Accountants, reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control

structure that, in our judgment, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities, in amounts that would be material in relation to the financial statements being audited, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might constitute reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above.

During the course of our review, the following condition was noted that was considered to be a material weakness as defined above:

PROPER SEGREGATION OF DUTIES

As has been the Town's practice, the Town Accountant currently prepares, collects, and posts all miscellaneous water billings. Generally, this lack of segregation is a weakness in the Town's internal control structure. We realize the Town can achieve cost efficiencies with this procedure and that any change in the current structure may not be cost effective.

In addition, having a one-person accounting office subjects the Town to these types of weaknesses. Although the Town Accountant has done, and will continue to do, an impeccable job, the growth of the Town may warrant an additional position be created to provide the segregation of duties to improve the Town's internal accounting control.

However, we recommend that if these duties can be segregated without bearing substantial cost to the Town, that they be considered.

Also, the following condition was noted that we do not consider to be a material weakness:

PURCHASE ORDER POLICY

Out of 25 expenditures tested only one included a purchase order. Present policy calls for all expenditures to have purchase orders approved by department heads with exceptions for monthly utility bills, etc. All expenditures over \$1,000 must be approved by the Town Manager.

It appears that there are inadequacies in the present purchase order policy that need to be addressed. Consideration should be given to having a dollar cut-off limit on when purchase orders would be required.

We recommend that the present purchase order system be reviewed to improve internal accounting control in this area.

These conditions were considered in determining the nature, timing, and extent of the procedures to be performed in our audit of the Town's general purpose financial statements and of its compliance with requirements applicable to its major Federal

REPORT OF THE JAFFREY PUBLIC LIBRARY

1992 was a very busy and productive year for the Jaffrey Public Library. Studies have shown that when the economy goes down, library usage goes up. This was demonstrated at Jaffrey Public Library this past year by an increase in circulation, patronage, number of cardholders and participation in programs.

Among the programs for adults was a humanities program: "Growing up; Growing old" which was sponsored in part by the Friends of the Library and a well-attended summer program on Willa Cather played by Betty Jean Steinshouer.

Children's programs included the annual summer reading program, this year entitled "Discover...Read" in which 171 children signed up with 110 reading six or more books. Kathy Berkley, Children's Librarian and Betty Shea, Chairman of the Trustees, presented certificates to participants on August 13th and refreshments provided by Mothers and Friends were enjoyed by all. The Little Red Wagon program was again a big success and Medicine Man, a Native American storyteller, entertained the children in July. New this year was an Art Club and a Writers' Club run by Suzanne Haldane.

To meet the demands in staffing, as of April 1, 1992, the Children's Librarian/Assistant Director position became a full-time position.

Jaffrey Public Library patrons can now enjoy audio books which are displayed on a handsome rack. This was a gift in Memory of Robert Warfield.

Mrs. Jean Page, long-time devoted Library Trustee, resigned in May and a Trustee's Chair was donated in her honor. Mr. Fred Richardson was appointed to fill the vacated position until March elections.

In addition to being a very productive year at home, Trustees, staff and Friends represented the library at regional, state and local meetings.

The Board of Trustees is most appreciative of our excellent staff, the invaluable Friends of the Library, donors, volunteers and everyone who has given time or support to the Jaffrey Public Library. Thank you.

REPORT OF THE CHIEF OF POLICE

It is with great pride I submit to you my first report of the Police Department since appointed on November 5th as your Police Chief.

We as a community, are faced with a myriad of challenges as we enter 1993 such as limited resources, an uncertain economic future and an ever rising rate of crime; just to list a few.

As a member of this community for over ten years I have learned to respect the high value that you, the citizen of Jaffrey, place upon providing a higher quality-of-life for all. I share your concern.

The Jaffrey Police are totally committed to community oriented policing. "The Police Department is your Police Department" and we are proud of that. We strive to undertake a pro-active approach to law enforcement; limiting ourselves to responding to crimes after they have occurred, or waiting for someone to exceed the speed limit is neither successful nor cost effective law enforcement. We need to educate our youth through programs like MacGruff and Project DARE - to develop positive life skills and become productive members of our community. We need to be open to your input and work together (hopefully on a first name basis) to resolve community problems as they arise.

Protecting our property and keeping our families safe is going to take a cooperative effort from all of us. I feel confident that we are up to the challenge.

Jaffrey Police responded to 4504 calls for service in 1992. A call for service is defined as any call which requires an officer to physically do something. Calls for service can vary from minutes to several hours. They do not include the over 24,000 phone calls and walk-in service requests that your Police Department provides yearly.

I would be remiss if I did not express my concern to you about the inordinate amount of aggravated assaults (child sexual abuse, rapes and felony assaults) that were investigated by the department this year. Violent crimes against persons rose 5% nationally last year. These types of crimes put a tremendous drain on our resources. I say with confidence that quality service creates a demand and thus public confidence in your Police Department's ability to investigate those crimes may be a contributing factor to the amount reported.

1992 also noticed an increase in several categories of property crimes such as burglary, criminal mischief and forgery complaints over 1991. During prolonged poor economic times the potential for criminal activity has historically risen proportionately to the economic decline.

The national overall crime rate according to statistical data supplied by the FBI rose slightly last year and here locally, the Town of Jaffrey experienced a slight increase in crimes reported against persons.

My staff and I firmly believe that you, one individual, can truly make a difference in the quality of service that your Police Department can provide to our community. We look forward to serving you into 1993.

REPORT OF THE ANIMAL CONTROL OFFICER

The Mid-Atlantic strain of rabies virus which is carried by raccoons has migrated from Massachusetts to New Hampshire. Cases were confirmed in New Ipswich and Greenville, N.H. in October. This means that the chances of finding a rabid raccoon in Jaffrey is on the horizon. Stay away from wild animals; especially an animal that appears to be confused or one that is usually only out at night and is out during the day. Do not try and stop your dog if it is engaged with a wild animal; call the police. Keep all pets under your control and please keep in mind that if your pet is allowed to run free it may have contact with a rabid animal and bring the rabies virus back to you and your family. Starting in 1993 cats are required by law to have a rabies vaccination. The rabies problem is a public health threat to people as well as a threat to animals. Pet owners can help reduce this threat by managing their pets health care properly, by observing leash laws and by reporting animal complaints to the animal control officer.

Please license your dogs during April of 1993 and remember to keep your animals rabies vaccine updated.

REPORT OF THE PUBLIC WORKS DEPARTMENT

The Public Works Department has five functional service divisions: Highway (six persons), Water (two persons), Sewer (two persons), Cemeteries/Parks & Commons (two persons plus four seasonal persons during the summer) and the Solid Waste Facility (two full-time and one part-time persons). Additionally, there is one Mechanic who maintains all town vehicles and equipment, a Director, Foreman and Administrative Secretary who comprise the Administrative Division of the department.

The department is responsible for maintaining and operating all the town owned roads, bridges, dams, water distribution systems, waste water transportation and treatment systems, cemeteries, parks, commons and the transfer station/recycling center.

Besides these normal duties, department personnel also are involved in assisting other town agencies and in interfacing with personnel from federal, state, private contractors and contracted engineering firms on major projects and issues which directly affect the health and well-being of the citizens of Jaffrey.

The largest project completed in 1992 was the closure of Jaffrey's Landfill. Department personnel were involved with moving fill, closing off old access roads and constructing a new access road to the town sandpit adjacent to the landfill. Other Public Works projects included replacing water mains on South Hill road and Main Street, renovation of sections of Fitzwilliam Road, Gilmore Pond Road, Old Sharon Road, Squantum Road and Hadley Road; installation of an Industrial Pretreatment Program, enlargement of Conant and Phillips-Heil Cemeteries, renovation of Contoocook Lake Dam and initiation of an annual Household Hazardous Waste Collection Day.

During 1992, Water Department personnel handled over 225 service calls, flushed over 260 hydrants and turned on/off over 180 water services. Besides normal grounds maintenance activities, cemetery personnel accomplished 19 burials/cremations. At the Transfer Station/Recycling Center, 125 tons of scrap metal, 755 gallons of oil, 4 tons of aluminum cans, 50 tons of plastic, 171 vehicle batteries and approximately 2,200 vehicle tires were recycled.

The Public Works Department did not purchase any capital equipment in 1992.

REPORT OF THE BUILDING INSPECTOR/ HEALTH OFFICER

The following permits were issued in 1992:

Building Permits:

- a) Residential: 57
- b) Industrial/Commercial: 25

Occupancy Permits: 7

Demolition Permits:

- a) Residential: 2
- b) Industrial/Commercial: 0

The Building/Health Department followed-up on 51 complaints.

1992 was a slow year for new housing starts with four new homes being built. Commercial and residential remodeling however remained vigorous throughout the year.

Judging by what applicants are proposing 1993 will be a busier year for construction than was 1992. This is based on the number of carry-over subdivision proposals before the town and those subdivisions not officially submitted yet. If the local economy improves and as the inventory of houses on the market are sold we should see an increase in new home construction during 1993.

Please feel free to write or call me if you have any suggestions or questions about the building permit process at 532-7445. My office hours are now 9:00a.m. to 5:00p.m., Monday through Friday.

REPORT OF THE RECREATION DEPARTMENT

1992 became a very difficult year as we had to spend a significant amount of time examining services as a result of our new facilities at Humiston Field and operating with a reduced budget. The Recreation Department continued, within its resources, to provide a high level of programming and services to community organizations and residents. As activity attendance and demands for services increased and with the 0% increase demands placed on the budget, the Recreation Committee and staff were forced to fine-tune activities and limit the level of services provided to organizations. We are proud of the major programming and facility improvement accomplishments noted below. We are also very pleased with the great number of participants and volunteers that continue to support our programming.

1. With continued assistance from the National Guard, Meadowood Fire Department and Jaffrey's American Legion, the installation of field sports lighting at Humiston Field was completed. We look forward to providing high-quality family program services to the public at Humiston Field.

2. The Recreation Department provided administrative and organizational support to Babe Ruth Baseball, Tri-Mountain Softball, Jenny Softball, Silver/Emerald Valley Basketball Leagues and other community recreation or sports organizations; accumulating some 1075 service-hours (135 days). This reflects 26% of the staff's time.

3. The Jaffrey Friends of Recreation donated \$4700 worth of program sponsorships and equipment purchases in 1992. They financially supported youth sports activities and special events as they conducted their own activities for the community (rollerskating, etc.), and as they provided \$2700 in support of other agencies. Please assist us to keep recreational activities alive and affordable by being an active member of the Friends of Recreation.

4. Successful volunteer coach training clinics through NYSCA for youth sports are continuing. About 45 volunteer coaches have become certified to date. The first draft of the new Youth Sports Policy for Jaffrey was distributed to basketball participants.

5. Each spring the Recreation Department celebrates Earth Day by planting new trees on town property. This year the sights were at Humiston Field and on the Library Common. Additionally this spring Jaffrey's children were delighted by the Easter Bunny's appearance at our annual Easter Egg Hunts.

6. The Bandstand Summer Concert Series, supported by the Monadnock Bank, attracted over 600 visitors and residents at each concert. Also this summer, the John Morgan 5-Mile Classic Road Race and Annual Fun Run were successful with 120 participants.

7. Jaffrey's Halloween Party was extremely well attended and the downtown windows were splashed with Halloween colors for the Window Painting Contest.

8. Santa has never seen so many Jaffrey residents at the Tree Lighting Ceremony as he saw this year. He was also pleased to again offer the Santa's Calling and Letters programs. The 13th Annual Jaffrey Christmas Fair was snowed out in 1992 but we will try again in 1993! Our decorating contest was a success yet we would like more entries this year!

Recreation activities vary each year based on the need and desires of Jaffrey residents. We have summarized our 1992 program offerings below; giving participation figures and percentages compared to 1991. To best provide recreational activities and services to Jaffrey residents we seek your constant input and suggestions, as well as volunteer assistance. These will allow us to develop and execute a well-rounded program for our community.

The Recreation Department and Committee wish to recognize all of the community organizations, merchants, industries and businesses for their continued unselfish support of recreation activities; all of whom residents should be proud of. We also salute the literally hundreds of volunteers who gave a most precious gift to our community and its people - TIME! We are inspired by your dedication and sense of caring for the community.

The Recreation Committee recognizes the many challenges that lie ahead for 1993. Being aware of the state of the economy they will make every effort to provide quality activities to residents at minimum cost while remaining completely SELF-SUPPORTING for programs and activities. Our 1993 our goals are to:

1. Continue with the Humiston Field Rehabilitation Project and other facility improvement projects and planning for the town; using private and public resources,
2. Pursue the LWCF Federal Grant for the purchase of additional property and water frontage adjacent to the Contoocook Town Beach, to expand recreational opportunities to Jaffrey residents,
3. Attempt to provide quality recreational programs and activities and sustain adequate service levels to local organizations, with a reduced budget allocation, by evaluating personnel, operational and facility improvement expenses and revenue sources,
4. Continue assistance in developing a self-supporting community center,
5. Solicit input from the community on activities so as to offer a well-rounded slate of programs and activities for all residents.

Please make a difference in someone's life or in the community. Take time to volunteer to help your neighbor by being involved in recreation activities and facility improvements in your community! Nothing feels better than the satisfaction one receives from people helping people. Take time to care about the natural resources right outside our door... lakes, mountains, parks and open spaces. Please support us, as you have in the past, with our efforts to provide quality recreation activities and services in the Town of Jaffrey.

REPORT OF THE OVERSEER OF PUBLIC WELFARE

Towns within the state continue to face economic difficulties and Jaffrey is no exception. We provide General Assistance pursuant to RSA Chapter 165 for all persons in need. We are fortunate to have the following Trust Funds for use by residents: Dorothy F. Badger, Luigi Cilli, John Conant and Warren. Listed below is the breakdown of Trust and General Fund expenditures in 1992:

EXPENSE BY FUND:

BADGER	26377.67

BADGER	53.00%
CILLI	7.00%
WARREN	1.00%
CONANT	1.00%
GENERAL	38.00%

TOTAL: 100.00%

FOOD	10.62%
HOUSING	70.75%
MEDICAL	3.65%
UTILITIES	13.38%
OTHER	1.60%

TOTAL: 100.00%

Slight increases were noted in all areas of assistance except food. Coupled with unemployment, state backlogs caused medical assistance to increase; luckily we will get some of these costs back from the state. Although utility costs rose only slightly we can expect larger increases in 1993 if the state stops the fuel assistance program. Cuts to this program in 1992 will be felt early on in 1993.

Many thanks to the volunteers at the United Church of Jaffrey who run a food bank for residents and who brought Operation SHARE to us which provides food for less in exchange for community service. Tremendous thanks also to the First Church of Jaffrey whose membership gave a generous donation to us - without them many would have gone without.

How fabulous to see the outpouring of food at Thanksgiving and food and gifts for the "Adopt-A-Family" Program at Christmas. Combined, you gave to over 100 residents. Your actions brought both tears and smiles of joy to those who, because of you, were able to provide for their family during the holidays. Special thanks to W.W. Cross, D.D. Bean, Jaffrey's Fire Fighters, The American Legion and Auxiliary, Girl Scouts, Teleflex, Millipore, Jaffrey-Rindge Teachers Union, 6th Grade CCD Class at St. Patricks, Knights of Columbus, VFW, Womans' Community League, Middle School Students, Town Office Employees and the private families wishing to remain nameless.

To individuals receiving assistance - thanks to those active in our work program. Your participation has paid the town back in excess of \$1,100. To each of you best wishes for better times in 1993. And last, but certainly not least, my thanks to Weltha Smith who taught me well and who continues to provide guidance as I need it...

Barbara E. Horn, Welfare Director

REPORT OF THE FIRE DEPARTMENT

The Jaffrey Fire Department responded to 119 calls in 1992.

In 1992 most Fire Fighters completed the Hazardous Materials Operations course; a 24-hour program required by the state. Two members also completed Fire Fighter One Certification.

We constantly sharpen our fire and rescue skills as we train in new methods of fire suppression and prevention. We have at least one training session per month and our fighters are required to take training at other sites such as Meadowood and other state facilities.

DPW helped us install two dry hydrants at the bridge in the center of town; they will supplement our fire fighting water supply in that area. D.D. Bean & Sons, Co., has at our request and at their expense, installed two dry hydrants in the Cheshire Pond area to supplement water there.

DPW is now maintaining all Fire Apparatus. This assures that our equipment is properly serviced and maintained. They have done an excellent job and we thank Floyd Roberts and his staff.

In 1992 the Fire Company purchased two new Self Contained Breathing Apparatus as well as several pieces of rescue and other fire fighting equipment. Over the past five years the members of the Fire Company have raised and spent over \$40,000.00 on fire and rescue equipment for the town. We wish to thank the Jaffrey Chamber of Commerce for purchasing self contained breathing apparatus and other fire fighting equipment for us in 1992.

The Fire Department has 21 fire fighters (18 certified); four fire officers, one assistant chief and one chief. This is short of the manpower we would like so we are recruiting. It has become more difficult to find people willing to take the time for the training required to become a call fire fighter. (Most surrounding communities are encountering the same difficulties).

We are currently operating with two pumpers, one 2,500 gallon tanker, one hose reel pumper, one rescue and one forestry truck. There are two reserve pieces that have to be taken out of service due to age and condition; M-1 is a 21-year old pumper rusted beyond repair with serious pump problems. M-6 is a 2,000 gallon tanker built on a military chassis which is at least 28-years old, rusted beyond repair and in poor mechanical condition.

The Fire Department is asking for a new pumper to replace our number two pumper as it is 29-years old and in constant need of repair with an outdated 750gpm pump. Unfortunately the body and the chassis are quite rusted even though this truck was refurbished several years ago. If approved, the Fire Department will purchase a new pumper with a 1,250 gpm pump which will carry 1,000 gallons of water.

Over the past year we have spent a great deal of time and money on the Fire Station; cleaning, painting, decorating and general maintenance. We invite all to visit us at any time; the fire fighters are very proud of their station and hope that you are too...

John A. White, Fire Chief

REPORT OF THE PLANNING BOARD

Planning Board activities for 1992 included the following:

- 11 site plan reviews; three for concrete pads for New England Telephone, two for modification of site plans
- Three subdivision proposals
- Two subdivision proposals on Class VI Roads
- One technical subdivision
- Two requests for building permit recommendation on Class VI Road

Of the 20 new applications submitted to the Planning Board in 1992, the board denied subdivision proposals on Class VI Road. Also, in applications to the selectmen to build on a Class VI Road, the Planning Board recommended against approval. During 1992 the Planning Board:

- concluded review of Lot Size by Soil Type Ordinance and determined it was not appropriate for Jaffrey,
- rescinded and adopted new Subdivision Regulations,
- rescinded and adopted new Siteplan Regulations,
- rescinded and adopted new Excavation Regulations,
- designated the Building Inspector as enforcer of the Excavation Regulations,
- adopted a Flood Plain Management Ordinance at Town Meeting in March 1992,
- added a Mountain Zone overlay district at Town Meeting in March 1992,
- review process has become more efficient with most applications concluded in one meeting.

In 1993 the Planning Board intends to take up the following matters:

- continue to recommend mapping options mainly in connection with a composite map,
- update the Master Plan where appropriate and develop a special section for the downtown,
- continue to develop procedures to integrate the Master Plan in the application and review process.

Respectfully submitted,

Christopher V. Bean
Chairman

REPORT OF THE BOARD OF ADJUSTMENT

Requests for Variances and/or Special Exceptions as provided by the terms of the Town of Jaffrey Land Use Plan are normally scheduled for Public Hearings on the first Tuesday of each month. Date, time and location of each Public Hearing is contained in the Notice of Public Hearing which is posted in two locations as well as being mailed to each abutter and applicant. Applicants appear at the Public Hearing and state their case after which time the board conducts a Site Review, followed by the decision of the board.

In 1992 the Jaffrey Board of Adjustment received nine applications for variances from the Land Use Plan. This figure is down four applications from the previous year and is no doubt a reflection of the sluggish economy.

Of the nine applications received, the board acted on seven cases. the board refused to accept one application due to the applicant's failure to show a substantial change in his property to warrant re-acceptance of the application. One applicant failed to appear. The board granted four requests and denied three requests which amounts to a 75% approval rate.

Applications acted upon fell into the following categories:

Appeal from Building Inspector Decision:	1
Setback:	4
Frontage:	1
Permitted Use:	1

A plan to relax restrictions on certain setback regulations was recommended by the board and presented to the Planning Board by Chairman Struthers. If approved, by the voters, certain setback requirements will be allowed by special exception with no variance required.

As always, the Jaffrey Board of Adjustment invites and encourages interested parties to attend our Public Hearings. In some cases the applicants request affects more than just the abutters and may affect the entire district or town. Input from all parties is encouraged and appreciated.

Respectfully submitted,

Christopher A. Struthers
Chairman

REPORT OF THE JAFFREY CONSERVATION COMMISSION

Due to the economic slowdown, there were only a few site reviews. The commission considered changes in zoning ordinances. the Shoreline Protection Act may require some changes in our Wetlands ordinances. Enforcement actions by the Department of Environmental Services in the town of Jaffrey were reviewed. the baseline pesticide test results and adjustment of the pesticides testing schedule for Shattuck Inn Golf Course were discussed in several meetings. Tree trimming practices along power lines and, possible alternative tree trimming techniques were considered. The problem of tree trimming along state roads needs further discussion. Several violations of the wetlands ordinance were brought to the Conservation Commission and went through the site review process, investigated by the town's code enforcement officer, or were referred to the proper state agency for further action.

The Village Improvement Society presented a plan to create a pond and nature area in the bog adjacent to Blacksmith common and was given conceptual approval. The plan is awaiting approval by the Department of Environmental Services and additional donations to pay for the project.

The state agency in control of dam maintenance required that the town make some rather extensive and expensive repairs to the earth and concrete dam located near Walt's Signs on the Contoocook River. the original plan involved stripping the entire earth dam surface of all vegetation, adding loam and regrading. The Conservation Commission took the position that such an extensive repair would result in excessive erosion, was not needed and would result in an excessive expenditure on the part of the town. The Conservation Commission recommended a less expensive approach where trees and underbrush would be cut along the berm, fill would be added to maintain the dam only where needed, proper siltation controls would be emplaced and the brush would be cut on a regular basis to maintain the integrity of the dam. The state agreed to the modification of the plan. the objective of protecting the dam from damage during high water was achieved and the cost to the town was reduced by at least \$10,000.

Respectfully submitted,

Mr. William Jack
Acting Chairman

CONTOOCCOOK RIVERS ADVISORY COMMITTEE

The Contoocook and North Branch Rivers were designated into the New Hampshire Rivers Management and Protection Program (NHRMPP) in March of 1991. The program establishes a statewide rivers program based on a two-tier approach to river management and protection: state designation of significant rivers and protection of in-stream values and local development and adoption of river corridor management plans to protect shorelines and adjacent lands.

The Contoocook and North Branch Rivers Local Advisory Committee is made up of individuals nominated by the Selectmen and City Council Members from the thirteen communities bordering these rivers. Final committee appointments are made by the Commissioner of the Department of Environmental Services, the department charged with the administration of the NHRMPP. The committee is charged with: 1) commenting on (in an advisory capacity) local, state and federal permit applications that affect the rivers and 2) developing a local river corridor management plan. As the name implies, a local river corridor management plan is a locally-developed and adopted plan which, with citizen input, is tailored to fit each area of the river corridor and discusses recreational and non-recreational uses, access points and setback requirements among others. The committee is presently creating a survey which will be distributed to riparian owners and other local people to help the committee determine how people feel about existing and future planning of the rivers. Your local representatives on the Contoocook and North Branch Local Advisory Committee are Bob Austin and Pete Davis.

The committee meets monthly in Hillsborough. Please feel free to call your representatives for further information.

Respectfully submitted,

Peter Davis
Robert Austin

REPORT OF THE HISTORIC DISTRICT COMMISSION

In 1992 the Jaffrey Historic District Commission held eight regular meetings and work sessions on the "Jaffrey Then and Now" grant project. Two applications were received and both were approved. Application fees totaling \$10.00 were turned over to the town leaving a net expenditure of \$90.00 against the Commission's \$100.00 annual town appropriation.

The following officers were elected for 1992: Robert Stephenson, Chairman; Margaret Johnson, Vice Chairman and Catherine Seiberling, Secretary. Sally Roberts was appointed a full member after having served as alternate, replacing Martha Brummer who had served two full terms. Robert Stephenson was reappointed to a second three-year term. Other members include Christopher Bean (representing the Planning Board), Jeanne LaBrie (Selectmen's representative), George Cox and alternates Deborah Babson and Owen Houghton. One alternate member seat is currently vacant.

Positive collaborative efforts continue with the Jaffrey Public Works Department and Town Manager to create an aesthetically pleasing and functional Main Street sidewalk in the District. The present one has been severely deteriorated for many years. There is every expectation that work on this project will be done in 1993. The Commission has been actively involved with the restoration of the Meeting House along with the Village Improvement Society. Commissioner George Cox is a member of the three-person Meeting House Committee.

The fall meeting of the New Hampshire Association of Historic District Commissions was held in Jaffrey on October 17th and was hosted by the Commission. The meeting was held at the Monadnock Inn and an extensive walking tour was conducted of the District.

Members of the Commission participated in several community work sessions in the District during the year including bulb and perennial planting and brush cutting.

Commissioner Owen Houghton was appointed to represent the Commission on the "Jaffrey 2000" Committee. The Commission welcomes the opportunity to participate in this effort to stimulate local discussion and review of the planning work done in Jaffrey over the past 15-years. The Commission is particularly supportive of measures and policies that protect the town's character and abundant historical and cultural resources.

In 1993 the Commission is looking forward to completing its book "Jaffrey Then and Now: Changes in Community Character" which will be the result of the Commission's fourth Certified Local Government grant project.

All residents are reminded that the Commission's regular monthly meeting is on the first Thursday of each month at 7:30p.m. in the Town Office Building. Questions about the Commission and its procedures may be directed to and application forms obtained from the Chairman or the Secretary.

Respectfully submitted,

Catherine Seiberling
Secretary

**REPORT OF THE
MONADNOCK ADVISORY COMMISSION
TO THE TOWNS OF:
JAFFREY, DUBLIN, MARLBOROUGH,
TROY AND FITZWILLIAM**

The Monadnock Advisory Commission is charged by the State Legislature with advising the State of New Hampshire on management policies for lands owned and leased by the state on Monadnock, Gap and Little Monadnock Mountains, 6,866 acres of this is public land. Thousands of other acres in these Monadnock highlands are held in easements.

During 1992 the Monadnock Advisory Commission completed a management plan for these unique highlands. The plan is available to the public at the town library. The Monadnock Advisory Commission worked with the towns of Dublin and Jaffrey Planning Boards to develop a new Mountain Zone around Monadnock. A part of Gap Mountain was also included in this zone in Jaffrey.

We welcome your thoughts and comments about the preservation of these highlands.

Members of the Monadnock Advisory Commission are:

Jaffrey:	H. Charles Royce, Peter Davis
Dublin:	Betsey Harris, Bruce McClellan
Marlboro:	James Everard, Ernie Linders
Troy:	David Adams, Ira Gavrin
Fitzwilliam:	Rep. Donald Crutchley, Thomas F. Parker

Respectfully submitted,

H. Charles Royce
Chairman
